

Salt spreader for operating machines

For **sector professionals**, a multi-purpose **salt spreader**, to facilitate the operator's job. The distribution of the anti-slip substance is precise, while loading is **optimised for large quantities**, and the quick hitch enables the multipurpose vehicle to be prepared on short notice. This is optimal solution for **public works**, with an excellent quality-price ratio.

AVAILABLE MODELS - On request customised width

BASIC TYPE	MAX SIZE mm	SPREADING WIDTH mm	WEIGHT MIN - MAX kg	CAPACITY MIN - MAX lt
