Picture of the tools	Model	Utilisation	Model					
			ST 225 F	ST 260 F	ST 285 F	ST 320 F	ST 400 F	ST 450 F
	Flat Y-shape blades	Tool formed of two types of blade adapted for mulching/shredding any type of vegetal material	48+24	56+28	60+30	70+35	96+48	116+58
	Universal Y-shape blades	Blades for mulching/shredding all types of vegetal material	48	56	60	70	96	116
	Flat blades	Tool for grass and exfoliation of potatoes, beet and artichokes	24	28	30	35	48	58
	Square blades	Universal blade for mulching/shredding shrubs, grass and branches of modest dimensions	48	56	60	70	96	116
	Hammers	The tool is suitable for mulching/shredding grass, small pieces of wood and branches	24	28	30	35	48	58

STANDARD ACCESSORIES

- Lateral slide kit
- Rear roller Ø193 for models from the ST 225 F to the ST 320 F inclusive
- Rear roller Ø323 for models ST 400 F and ST 450 F
- Toolkit "A" (other tools can be supplied on request at no extra cost)
- Counter blade kit (with toolkit "A" the counter blades are optional)

Optional

- 6-speed transmission drive (recommended for models ST 225 F - ST 260 F)
- 8-speed transmission drive (recommended for models ST 285 F - ST 320 F)
- 10-speed transmission drive (recommended for models ST 400 F - ST 450 F)
- Counter blades
- Internally bolted double plate protection
- 3-point dual linkage attachment
- 3-point offset hydraulic side shift
- Double transmission for models ST 260 F - ST 285 F - ST 320 F
- Self-steering wheels kit
- Trailer to transport mulcher/shredder models ST 225 F - ST 320 F - ST 400 F - ST 450 F
- Marker lights
- Reflective panels kit
