

Hydraulic grapple P-PRO (heavy) - Blue Line Series

For excavators of up to 25 tons, for forestry and industrial uses

Made from Domex 710 steel and equipped with lock valve

The **trunk grapple** are used to **transport, load, and unload tree trunks** that have been cleaned of branches and are ready for transport: They can be assembled on forestry cranes of all models and sizes.

The reinforced log grab is for forestry and industrial uses, for excavators of up to 25 tons.

Attacco Safety Block

Tecnomeccanica Safety Block coupling provided as standard. This system replaces the flanged rotators and is made entirely of steel, guaranteeing better grip and safety.

Excavator Matched

Model BLUE LINE	Excavator Matched
P 135 P - Pro	MAX 8.5 ton.
P 150 P - Pro	MAX 14 ton.
P 170 P - Pro	MAX 18 ton.
P 190 P - Pro	MAX 25 ton.
