

# Kit cassette saw with gear hydraulic motor and automatic return system

**TYPE I - SEMI-PROFESSIONAL**  
compatible with forestal crane and excavators up to 5 Ton

## Technical Data

| TYPE   | Min/Max flow | Ø Max diameter of cut | Type of motor (cc) | Weight (Kg) |
|--------|--------------|-----------------------|--------------------|-------------|
| I 350E | 30/33        | 350                   | 8.3                | 70          |
| I 450E | 43/46        | 450                   | 11.5               | 72          |
| I 550E | 53/56        | 550                   | 14.1               | 73          |

## Included of

- system of arrange speed of cutting
- automatic lubrication
- oil tank chane lubrication
