

# Lift for wood moving mod. TFG 300L mini

This small crane for lifting and transporting wood is sold with a trunk grab featuring hydraulic rotation. The hydraulic crane and the logging grab transform a tractor into a forestry tractor, simplifying even the most extreme operating conditions.

## Technical Data

-	TFG 300L MINI
Lunghezza Totale - centro pinza (mm)	2400
Max height	4100
Portata max/max estensione senza pinza e rotore a 210 bar (Kg)	540
N° bracci	1
Lunghezza 1° braccio (mm)	1800
Portata 1° braccio (kg)	600
N° sfili idraulici	1
Lunghezza 1° sfilo (mm)	600
Portata 1° sfilo (kg)	540

With grab THL30, TR15 rotator, 4 lever distributor, KG 230

## ACCESSORIES

- Hydraulic Kit (Pump + Tank)
- Cab joystick electric controls kit
